EXPERIENCE

2015 - now

Teamlead - corecrew.be

Leading the team for the more challenging projects.

Making estimations, writing technical analyses, creating POC's for upcoming projects, unblocking technical and non-technical issues for the team.

Finding the best long term solutions within the client's scope and budget.

2014

Drupal architect - Jetair

Evaluating, restructuring and coordinating a rebuild of their complete Drupal setup from scratch.

The websites were delivered on time and with less resources than initially expected!
jetair.be, sunjets.be, jetairfly.com

2013

General Manager, Drupal trainer - olindata.com

Business development in Asia for OlinData, an international IT training company.

Delivering Acquia Drupal trainings in Malaysia, the Philippines, Indonesia and Singapore.

2012

Consultant - Technicolor

Making serveral eye-catching demos for IBC Amsterdam and Broadband World Forum expo to demonstrate the newest Technicolor DDS, HTML5 websockets and javascript framework.

2011

Drupal dev - Flemish Radio and Television

Drupal & Wordpress development (studiobrusssel.be, een.be, canvas.be).
Developing second screen web-apps for several TV programmes. ('Ook getest op mensen', 'Back in USSR')

2010

Frontend dev - Truvo

Developing the front-end of the new Yellow-pages telephone directory in Belgium, Portugal and Ireland.

2009 - Webdeveloper & teacher TKO Leuven

2008 - PHP developer couchsurfing.org

2007 - Project manager Agency.com

2003 - 2006 - Flash and 3D Animator, webdeveloper for B.U.T. agency

2002 - Webdeveloper for APB Association Pharmaceutique Belge.
